**F.C. Tucker/Bloomington, REALTORS® launches web-based search tool for smartphone users**

BLOOMINGTON, Ind. – [F.C. Tucker/Bloomington, REALTORS®](#) now offers shoppers who use smartphones a new way to search for the perfect home. Today the company launched a mobile website that features hundreds of homes for sale in Monroe County and adjacent counties.

The mobile website, [www.fctre.mobi](http://www.fctre.mobi), allows consumers to customize their search for all local property listings. Smartphone users can view photos and select specific home features, such as number of bedrooms, square-footage, price and more. Buyers can also search for their favorite Tucker real estate associate and obtain contact information. The mobile website is not an application.

“Our goal is to offer the most accurate and accessible information to our house hunters,” said John West, managing broker of F.C. Tucker/Bloomington, REALTORS®. “More and more we see our customers using smartphones and are excited to offer this enhanced service to those on the go. We hope our customers find this search tool a great supplement to our website, [www.TuckerBloomington.com](http://www.TuckerBloomington.com).”

###
